

# 26405233 - SLB MK 30.300 HDG Articulated riser 90°

## Product data

|                        |                                         |
|------------------------|-----------------------------------------|
| Product code:          | 26405233                                |
| Brand:                 | Niedax Group                            |
| Series:                | Gouda Marine ladders                    |
| Type:                  | SLB                                     |
| EAN Code:              | 08719972007369                          |
| Technical description: | SLB MK 30.300 HDG Articulated riser 90° |
| ETIM class:            | EC001535 - Bend for cable ladder        |

## Technical data

|                                   |                    |
|-----------------------------------|--------------------|
| Model:                            | Without connector  |
| RAL-number:                       | -                  |
| Surface protection:               | Hot-dip galvanised |
| Type of rung:                     | Flat profile       |
| Hinging:                          | No                 |
| Side perforation:                 | No                 |
| Angle:                            | 90°                |
| Material quality:                 | Other              |
| Material:                         | Steel              |
| Inner radius:                     | 150                |
| Suitable for cable ladder width:  | 300                |
| Suitable for cable ladder height: | 30                 |
| Change of direction:              | Rising/descending  |
| Type of side joist:               | Flat profile       |

---

|                                 |                |
|---------------------------------|----------------|
| Suitable for circuit integrity: | No             |
| Bend model:                     | Segmental bend |
