Drawings : Marine LadderW75-600 drawing numbers 26000.234 issued 06.12.2013

Test Reports. Dekra Test report no. 2154358.52A issued 05.12.2013 and 0709/172198661/12 dated 30.07.2012.

Tests carried out

Type tests in accordance with IEC 61537. Salt mist test for ladders of HDG material.

Marking of product

Gouda Holland B.V. – Type designation – Width – Material (cover marking).

Periodical assessment

The scope of the periodical assessment is to verify that the conditions stipulated for the Type approval is complied with and that no alterations are made to the product design or choice of materials.

The main elements of the assessment are:

- Inspection on factory samples, selected at random from the production line (where practicable)
- Results from Routines (RT) checked (if not available tests, RT to be carried out)
- Review of type approval documentation
- Review of possible change in design, materials and performance
- Ensuring traceability between manufacturer's product type marking and Type Approval Certificate.

Assessment to be performed at 2 and 3.5 year and at renewal.
